

GRAND LODGE INDEPENDENT ORDER OF ODD FELLOWS NOW IN SESSION AT PROVO

Installed Officers at the Encampment Last Evening.

(Special to The Herald.)
Provo, April 22.—The session of the grand lodge, I. O. O. F., which was held in this city yesterday and today, was a very enjoyable affair for the large number of Odd Fellows who participated in the work of the organization, the many visitors who accompanied the delegates and to the people of Provo who had the pleasure of meeting this large body of representative ladies and gentlemen from all parts of the state.

The greater part of the time was, of course, devoted to the business of the grand lodge, but time was found for social enjoyment, and the Provo Odd Fellows and Rebekahs, and many of the visitors, were very successful in giving the visitors an enjoyable evening.

Yesterday degrees were conferred by a joint degree team, representing all the Salt Lake lodges, and the Provo Odd Fellows and Rebekahs, and the Bingham degree teams. This work was to some extent competitive between the two teams, and both acquitted themselves commendably. The Salt Lake team, however, was acknowledged to excel, but the Bingham team labored under a disadvantage on account of the recent death of one of its members, whose place had to be supplied by a less experienced man.

This morning a session of the grand lodge was held, and this afternoon was devoted to sightseeing and visiting Provo friends. This evening the installation ceremonies of grand lodge officers for the ensuing year were performed in the presence of a large number of members of the order, all third degree members being invited to be present.

After the installation the visitors enjoyed a sumptuous banquet prepared by the Provo Rebekahs, who deserve special praise for their very successful efforts through the session to make the visit to Provo of their friends from other lodges one which will be long remembered for the good will and hospitality extended by the Provo brothers and sisters of the order.

Some of the delegates left on the late trains, but quite a number remain till tomorrow.

The grand officers installed are: Grand master, W. H. Bucher, Salt Lake City; deputy grand master, T. E. Straup, Bingham; grand warden, C. A. Walker, Salt Lake City; grand secretary, Peter A. Simpkin, Salt Lake City; grand treasurer, A. Stuart, Sandy; grand representative, J. J. Thomas, Sandy; grand marshal, Robert Williams, Castle Gate; grand conductor, W. J. Resever, Park City; grand guardian, H. Kiesel, Ogden; grand herald, L. O. Scofield, Furuska; grand messenger, W. C. Hitter, Mercur; grand chaplain, A. B. Williams, Richfield.

SECURES A WINDFALL

C. M. Anderson Falls Heir to a Fortune Estimated at \$225,000—Property in Denmark.

St. Pleasant, April 22.—C. M. Anderson, a young man 25 years of age, a resident of Spring City, about six miles south of St. Pleasant, is the victim of a stupendous piece of good luck in falling heir to an estate in his native country, Denmark, valued at about \$225,000.

The estate comes to the young man through the death of his father. Something like twelve years ago the young Anderson left the parental abode and came across the seas to America and came to live in the city of St. Pleasant, Utah. Since that time little or no information has come to him from his former home and he has not heard of his father for the period of time intervening. He came to Spring City, married and settled down. He has not been heard of since.

He has a wife and a number of children to support, and no capital but his own strength upon which to start. He has secured in that time a humble little home and a piece of farming land, from which he has gained a living for himself and family. He has been selected by the people of his town to be a marshal and as a water commissioner, having been the incumbent of this latter office at the time his good fortune came to him.

The estate consists of money and a small country estate, and is valued at \$225,000. The latter is valued at about \$75,000 and is at present under a lease from which the owner receives a yearly income of \$25,000. The balance, \$60,000, is in ready cash, which awaits its owner's pleasure. Fifty thousand dollars have already been received by him for incidental expenses and as a sort of cushion to show him that he is really the heir and in possession of the money. There are no other known claimants to the estate.

Mr. Anderson, with all his years of struggle against the hard knocks of life and his simple methods of living, finds it difficult to appreciate his good fortune or to accommodate himself to the new conditions which he is obliged to surround himself with. His plans for the future are somewhat vague as yet. With his wife and children he expects about June to start on a trip to Denmark, when he will investigate the situation and take formal possession of the inheritance. What he will do after that must be decided by circumstances. He will probably, however, return to this part of the country and make his home in Salt Lake, where he has been in consultation with the counsel from his native land who has given him valuable assistance in the matter.

Demaris & Kelsey, the engineering firm of Salt Lake City, who have been awarded the contract for the local water system, to be constructed this summer, will be here on Monday next to begin active operations. The work will be completed as soon as it possibly can.

The party of settlers who were announced last week to leave this week for Canada left yesterday on the afternoon train. These settlers already mentioned in The Herald the following joined the party: J. C. Burt, a farmer from this city, who goes to look over the country and possibly to remain; Robert Mills, a brickmaker of this city, who goes to establish a business; and R. T. Pickard, of the Favorite cigar factory, who sold out his interest here. The party expects to leave on Monday.

HEALTH

The general health of a woman is inseparably related to the local womanly health. When the delicate womanly organism is diseased, the body loses plumpness, the cheeks lose their roses, and a nervous and fretful condition becomes habitual.

Thousands of sick women who have been cured of diseases peculiar to the sex by the use of Dr. Pierce's Favorite Prescription have testified to the restoration of the general health when the local disease was cured.

"Favorite Prescription" establishes regularity, dries unhealthy drains, heals inflammation and ulceration and cures female weakness.

"I used four bottles of 'Favorite Prescription' and one of Dr. D. Shearer, of Monmouth, Lancaster Co., Pa. and can say that I am cured of that dreaded disease, uterine trouble, and am in better health than ever before. Everyone who knows me is surprised to see me look so well. In June, when I wrote to you, I was so poor in health that I could not walk. You answered my letter and told me what to do. I followed your advice, and today am cured. I tell everybody that with God's help Dr. Pierce's medicine cured me. If these few words are of any use to you, you are welcome to use them. They might help some other poor suffering woman."

Dr. Pierce's Common Sense Medical Adviser, took large pages, in paper covers, is sent free on receipt of 21 one-cent stamps, to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

DEATH OF ESTELLA KELSEN.

Estella Kelsen, the 15-year-old daughter of Mr. and Mrs. Nielsen of this city, passed to the other side at 2 o'clock, Monday morning, death occurring at the family residence on West Street. The cause of death

was inflammation of the brain, a malady which which had been afflicted for the past three weeks. The funeral will be held from the tabernacle at 1 o'clock on Friday, April 23.

Mr. Anderson, with all his years of struggle against the hard knocks of life and his simple methods of living, finds it difficult to appreciate his good fortune or to accommodate himself to the new conditions which he is obliged to surround himself with. HEAVILY AFFLICTED FAMILY.

Sustain Loss by Fire and Death Claims Two of Their Children.

Huntington, April 23.—A few days ago a fire started at the home of M. E. Johnson of this place and before it was got under control it did about \$60 worth of damage. During the night of the fire their baby boy, Byron, 18 months old, caught fire, which developed into pneumonia and resulted in his death yesterday at 7 a. m. Jerrold R., another son of Mr. Johnson, 3 years of age, had a bad case of the mumps, but it was thought he was about well. About 1 p. m. he went into the room where his dead brother lay to see him. After looking at the child a few moments he said to his mother, "I feel awful tired and want to go to bed." His father told him to play awhile with the other children. He said no, he was

tired, so his father laid him on the bed, and in less than five minutes he was dead. All that could be done for him was done, but to no purpose. His death was pronounced a case of heart failure. Both children were buried in one coffin today.

MURRAY NEWS NOTES.
Murray, April 22.—The Rocky Mountain Bell Telephone company has erected a frame building for the purpose of conducting a branch office. This will promote the telephone service greatly out here.

The county jail bought by J. E. Althoff will be remodeled and converted into a private dwelling.

A missionary party in honor of Elder Louis will be given at the Murray ward meeting house, Salt Lake, tonight. The local choir and some other local talent will assist.

CHARGES WERE PREFERRED

Episcopal Bishop Accused of Having Played Tennis.

San Francisco, April 22.—The Episcopal board of inquiry appointed by Bishop Clark of Rhode Island to inquire into the charges preferred by the Rev. William Boland of Vallejo against Rev. William H. Moreland, bishop of Sacramento, convened in this city today, with nine of the sixteen members in attendance. Rev. A. G. Trev of Los Angeles was elected president and Rev. W. Short of Oregon secretary. John A. Wright was selected as church advocate. The session was of a strictly private character and no information was given out. An adjournment was taken until tomorrow afternoon. It is known, however, that the charges are under consideration with the view of determining if they had canonical application.

The bishop is accused of having invaded the parish of a rector and of having frivolously played tennis. If the board of inquiry decides that the accusations are worthy of consideration, Bishop Moreland will then be tried by a court of bishops.

COMPANY WILL WIN.
Mine Workers to Go Back to Work by Signing a Pledge.

Pottsville, Pa., April 22.—Announcement was made here today that the 28,000 mine workers who were locked out by the Reading company because of their refusal to work nine hours on Saturday will be permitted to return to work, but they must accept the company's terms and return to work tomorrow to await the result of the conciliation board's action.

KELLY MURDER TRIAL.

Dying Statement of Dr. Cayley Admitted in Evidence.

Butte, Mont., April 22.—Judge McClellan decided to admit in evidence the alleged dying declaration of Dr. H. A. Cayley, who, in a statement made to the county attorney on Oct. 23 of last year, accused J. W. Kelly of having shot him. Counsel for Kelly made a determined effort to prevent the statement from going to the jury, contending in the main that it had not been shown that the declaration was made under a belief of impending death, as the law requires.

STRIKE DECLARED OFF.
Pittsburg, April 22.—The structural iron workers, who have been on strike for the past six weeks, will resume work on the Washburn bridge and the other four contracts of the American Bridge company tomorrow. The strike was declared off and an amicable arrangement arrived at at a meeting today. The agreement, it is said, permits neither one to claim a victory.

EPITHELIOMA

Covering One Side of the Face and Reaching to the Eye Speedily Cured by Cuticura.

"CUTICURA ACTED LIKE A CHARM."

Here is another of those remarkable cures of torturing, disfiguring skin humors daily made by Cuticura Remedy, assisted by Cuticura Ointment, and Soap, after physicians, hospitals and all else had failed.

"I feel it my duty to try to help those suffering from skin diseases. My case was a very bad one, covering all of one side of my face and had reached my eye. I had two or three doctors prescribe without any relief. They said my disease was Epithelioma. I was then advised to go to one of our hospitals which I did, taking their treatment for some time. I had given up all hope when my husband asked me to try the Cuticura Remedies. My face being in such a very bad state, I used

the Cuticura Soap with lukewarm water and a small silk sponge and then applied the Cuticura Ointment. I took one teaspoonful of the Resolvent four times a day. They acted like a charm, and in one week's time my face was cured entirely and has remained so. I certainly can recommend the Cuticura Remedies as infallible.
